

MISSION PROJECT SERTÃO INTERNACIONAL SCHOOL

The mission project Sertão Internacional School has the vision of providing Christian and ecological education, that contributes to biopsychosocial and spiritual development, enabling students to exercise citizenship based on a biblical worldview.

OUR MISSION

Develop and train young people through education rooted in a biblical worldview so they can influence the world around them.

TARGET AUDIENCE

Children from 4 to 14 (from preschool to 9th grade) from Quixadá, Brazil. Where we will be pioneering the first christian bilingual school in the town. We believe that through a christian school, we can evangelize, disciple, and educate this new generation with a biblical worldview.

In a 2015 survey, the National Association of Evangelicals found that 63% of Christians accepted Jesus Christ between the ages of 4 and 14. This research highlights that this is a strategic window to reach people's hearts for Jesus.
